ABOUT US

Conveyor Roller Manufacturer Since 2008

KHODIYR INDUSTRIAL PVT. LTD. (KIC) was founded in 2008 and is headquartered in Rajkot, Gujarat, India. KIC is the registered trademark of KIC Conveyor Products Private Limited. We are one of the leading Unit Handling Conveyor Roller manufacturers and suppliers in India. At KIC, we offer Conveyor Rollers and Conveyor Accessories to our clients with extensive industry experience.

We are committed to manufacturing conveyor rollers and conveyor components of the highest quality for internal logistics, packaging, food processing, retail, distribution, and production industries.

We are one of the leading conveyor roller manufacturers in India, known for providing high quality conveyor rollers and their components. KIC, a Rajkot-based conveyor system manufacturer, offers professional solutions to businesses of all sizes. Our well-trained and highly experienced professionals handle testing, assembly, and the supply of reliable conveyor rollers across India. Innovation and technology are integrated into our business philosophy to provide comprehensive manufacturing facilities according to our client's requirements.

At KIC, we strive to achieve increased productivity and long-term performance through our products and services. We continuously adapt to new-age challenges in conveyor systems and material handling. These challenges are addressed through a wide range of conveyor rollers and other advanced material handling solutions in India.

KIC MISSION

Adding value to businesses and making their conveyor systems more productive are among our top objectives. At KIC, we strive to manufacture reliable and resilient products such as conveyor rollers and accessories in accordance with industry standards. We are dedicated to building long-term relationships with our clients through timely delivery, reliability, and dependability. Quality is never compromised in our products; instead, our professionals continuously work towards improving our clients' experience.

KIC VISION

Experience, expertise, and excellence are the three pillars of our business that enable us to deliver the best solutions to our clients. At KIC, we aim to bridge the gap in conveyor solutions and material handling equipment by providing reliable and comprehensive products and services. We intend to continue this legacy by delivering innovative and efficient solutions to businesses of all sizes. Our long term vision is to maximize business productivity by providing professional guidance, exceptional quality, and the necessary resources to our clients.
